

Student Ridership coming this summer / upcoming school year!

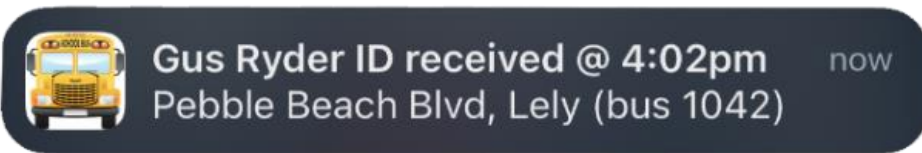

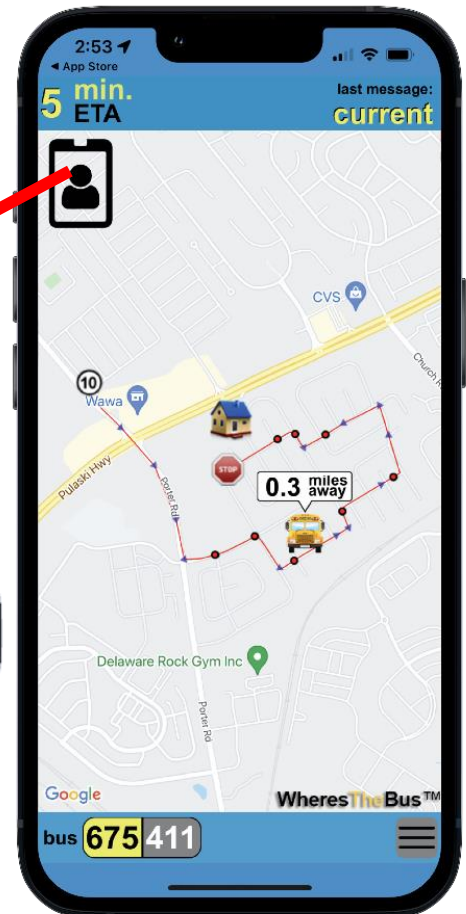

All Lee County buses will have Student Ridership terminals installed for the start of the '23 – '24 school year. Students present their ID to the barcode reader as they get on and off the bus, so Lee County staff (and parents) can immediately identify when and where students get on and off the bus.

Student Terminal with Barcode Reader and Keypad Backup

Students hold ID under barcode reader for automatic ID scan. A keypad backup can also be used to enter student's ID #.
